

Hurlstone Agricultural High School

Works notification

13 May 2022

Dear parents and carers,

Further to our works notification on Wednesday 10 May 2022, we have changed the working hours for asbestos removal works. Asbestos remediation works in Buildings B and C will be done during school hours when students are away from Building Z, a dormitory. This is in line with advice from the project's independent occupational hygienist and is an added precaution to the approved control measures in place for the work. As a further precaution, asbestos remediation works will pause during meal times when students will be at Building D, the dining hall.

Preparation for demolition will involve the disconnection of services at Buildings B, C and N. No works will occur on buildings D and E as incorrectly stated on the works notification dated 10 May, 2022.

All work will be completed by licensed and accredited asbestos contractors and monitored by occupational hygienists in strict accordance with the Department of Education's Asbestos Management Plan and SafeWork NSW regulations, and all applicable legislation and regulations.

An updated works notification is attached for your reference. Thank you for your understanding.

For a **Translation and Interpreting Service**, call **131 450** and ask them to call the Department of Education - School Infrastructure NSW on **1300 482 651**.
